

# Boardwalk® Green Xtra

## ELECTRONIC DISPENSING SYSTEM

### PROTECT YOUR HEALTH AND THE ENVIRONMENT

The spread of germs can be controlled by proper hand washing, and the Boardwalk® Green Xtra dispenser and roll towels provide the foundation for good hand hygiene. The Boardwalk® Green Xtra dispenser offers no-touch hygienic hands-free operation to reduce cross-contamination. No-touch dispensing provides the assurance that hands are not contaminated after washing. This is particularly important to help reduce illness and or other health-related issues that arise in communal facilities.

Complementary Boardwalk® Green Xtra Green Seal-certified roll towels are made from 100% recycled wastepaper and are certified by Green Seal, Inc. Available in embossed white or natural grades to meet a variety of facility needs. Backed by the Green Seal®, the Boardwalk® Green Xtra towels are a good environmental choice.

**TOUCH-FREE ROLL TOWEL DISPENSING SYSTEM**

# Boardwalk® Green Xtra

## ELECTRONIC DISPENSING SYSTEM

The spread of germs can be controlled by proper hand washing, and the Boardwalk® Green Xtra dispenser provides the foundation for good hand hygiene. The Boardwalk® Green Xtra dispenser offers no-touch hygienic hands-free operation to reduce cross-contamination. The dispenser does not have commonly-used features, such as levers, which collect bacteria that are potentially harmful to users. The Boardwalk® Green Xtra dispenser promotes cleanliness making it ideal for healthcare establishments, food service/preparation areas, office buildings, and other public facilities.

No-touch dispensing provides the assurance that hands are not contaminated after washing. This is particularly important to help reduce illness and other health-related issues that arise in communal facilities. Customers want a clean, hygienic wash-room experience and the Boardwalk® Green Xtra dispenser fills this need for your patrons, employees or guests.

### Metered Dispensing

The Boardwalk® Green Xtra dispenser offers three towel length options for optimizing waste and cost. The dispenser can be set to dispense either 10 in., 12 in., or 16 in. of toweling. This feature allows you to conserve paper and costs without frustrating users. The dispenser holds an 800 ft. roll along with a stub roll. The self-threading stub roll auto transfer system enhances dispenser capacity while also reducing maintenance time.

### Simple To Operate

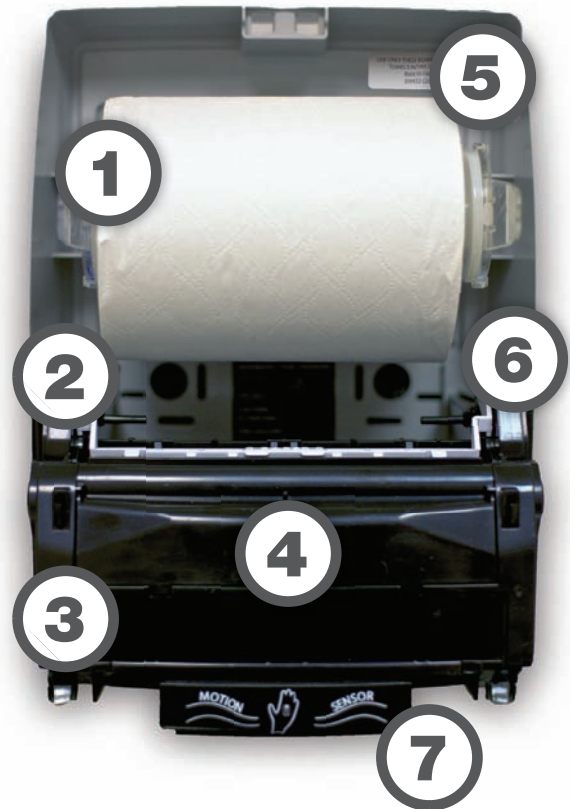

A simple wave of the hand activates the Boardwalk® Green Xtra dispenser to deliver a towel. Touching the dispenser is not required for use. The motion sensor is located in the front of the dispenser for easy operation. The Boardwalk® Green Xtra dispenser also provides an ergonomic ADA-compliant push bar as an option for accelerated dispensing.

# Advanced Electronic

## TOUCH-FREE ROLL TOWEL DISPENSING

- ① **Easy Loading** – Quick access with bottom-hinged door; includes loading guide
